American Dental Hygienists’ Association
Application Procedures for Members with Disabilities

Members with Disabilities. Professional members who are unable to work due to a verified disability may apply for Disabled status. All applications must be verified by the American Dental Hygienists’ Association, and must be accompanied by proof of eligibility each year.

The Disabled membership category is a voting category of membership.

Individuals who apply for this category of membership and are not able to work in any of the 6 roles of the dental hygienist (Clinician, Educator, Researcher, Administrator/Manager, Advocate, Public Health) must submit the following information to the Division of Member Services:

- **Photocopy of current dental hygiene license**

- If the individual is not a current member, **verification of past membership** must be verified by ADHA’s Central Office. If Central Office does not have verification of past membership, a letter from the individual’s former constituent or component verifying previous membership must be submitted.

- **A completed Membership Qualification Form** from the individual’s physician must be submitted. On the form, the physician is asked to indicate whether the disability is permanent or temporary.

- If the disability is considered by the physician to be permanent but the individual may eventually be able to undertake some type of employment **OR** if the disability is temporary, the photocopy of license and membership qualification form must be submitted every year prior to renewal at the 75% dues rate. A reminder will be sent to the member prior to the dues billing. If the license and form are not submitted, the member will automatically be invoiced at the Active member rate.

**Materials should be submitted to:**
